

09 January 2018

### **All Waikato/Bay of Plenty State Highway HPMV Permit Holders**

Selected Local Authorities have authorised approval of their HPMV routes, in conjunction with any current NZ Transport Agency HPMV permit. A permit appendix documents the routes included within these approvals. Only routes identified within this appendix may be used by HPMVs.

This addendum updates the Waikato/Bay of Plenty Local Authority HPMV Routes for the region.

The included document may be appended to current permits, which include the Bay of Plenty / Waikato Local Authority region. It supersedes all previous versions.

### **Changes this month**

January updates are:

- Addition of the following roads for **Waikato District Council**:
  - Mangatawhiri Road (Full Length)
  - Rawiri Road (Full Length)
- Addition of Te Huaki Crescent (to Damar Industries Ltd) for **Rotorua District Council**
