

Waikato/Bay of Plenty Local Authority HPMV Routes

Selected Local Authorities have authorised approval of their HPMV routes in conjunction with a current NZ Transport Agency HPMV permit. This permit appendix documents routes included within these approvals. Only routes identified within this appendix may be used by HPMVs.

Operators seeking use of additional routes within the Bay of Plenty or Waikato Local Authority networks shall issue a request to hpmv@beca.com or contact the Council directly.

Additional Local Authorities are expected to adopt this approach, and will be included within future updates. HPMV permit holders may append this appendix (and future revisions) to current permits which include the Bay of Plenty / Waikato Local Authority region.

Where approved routes are available on the Local Authority websites, an updated list may be printed at any time and appended to this permit by the permit holder.

Permit holders should refer to the following weblink for further details of Local Authority ownership, road names and route positions:
